# Robert Land Academy

**Reaching  
New  
Heights**

Robert Land Academy provides the foundation of a structured and disciplined living and learning community. Students are challenged to strive to achieve their true potential.

# Dreams Fulfilled Potential Realized

**Is your son bright, inquiring, energetic, and testing the limits?  
Is he brilliant at computer games but underachieving at school?  
Is he lost in the present and unconcerned about his future?**

**Are you the only one who believes  
that he is capable of so much more?**

**If the unique needs of your son are not being met  
by mainstream educational and therapeutic methods,  
consider a proven alternative that can get him back on track.**

**A Staff That Cares  
A Program That Works  
A Location That's Safe**

# A Unique Highly Structured Boarding School for Boys

---

Robert Land Academy is a not-for-profit, private military-themed boarding school for boys in both the upper elementary (grades 5-8) and high school (grades 9-12) levels. The military theme provides the foundation of the Academy's structured and disciplined living and learning environment. This model reinforces the importance of structure, discipline, accountability, and self-determination.

## The Military Theme

- Provides consistency in the application of rules and roles
- Incorporates 24/7 programming and supervision
- Promotes physical fitness
- Encourages and recognizes effort and achievement
- Provides a template for self-care and routine
- Provides opportunities for leadership
- Promotes team building and the development of social skills
- Underscores the discipline and effort required for academic success

## JUNIOR: Grades 5 - 8

Robert Land Academy's Junior Program focuses upon developing a love of learning through activities intended to maximize learning within a pleasurable context, while preparing boys to enter high school with the necessary skills required for future success. Through the identification of actual grade level performance, diagnostic testing, and specific individualized programs, boys can master the academic requirements necessary for the successful completion of their courses of study.

Robert Land Academy provides extensive remediation and upgrading in the fundamental areas of literacy and mathematical reasoning within a stimulating environment.

Boys in grades 5 through 8 have barracks (dormitories) and classrooms separate from the older students. Meals are served in the mess hall along with the older boys, however, seating arrangement is by grade level such that the younger grades stay together.

## INTERMEDIATE: Grades 9 & 10

The primary focus of the Intermediate Program is on academic foundations, remediation, and the development of a sense of personal commitment, responsibility, and direction. Students are encouraged to think about their future and to realize that there is a logical connection between goals

in life and the actions necessary to successfully achieve them.

Small classes, regular tutorials, and individual assistance help students catch up academically. Our program develops the individual's level of personal maturity and fundamental academic skills while preparing him ultimately for senior level courses.

## SENIOR: Grades 11 & 12

With a focus on developing personal maturity and fundamental academic skills necessary for ongoing success, Robert Land Academy's Senior Program prepares students for post-secondary education. Counseling and assisting students with applying to post-secondary programs is integral.

The placement of grades 11 and 12 together helps encourage grade 11 students to "buy into" their future through the mentoring effects of the graduating class. Our program expands the range of options and choices for our students in grades 11 and 12 with the goal of successfully placing each student in a university or college level program of their choice.

Robert Land Academy is a private school inspected by the Ontario Ministry of Education and offering credits towards the Ontario Secondary School Diploma (OSSD). Over the past decade, 100% of Robert Land Academy's graduates who have applied to a university or college program have been accepted.

# Don't wait! Contact us now for a personal tour.

---

Situated in a rural setting of Ontario's Niagara Region, our campus is removed from the negative influences and distractions associated with urban environments.

Many parents who contact us say that they have been aware of our school for some time and have put off making a decision. They also tell us that they wish that they had acted sooner. Behaviours that are allowed to continue become entrenched and more difficult to address. Experience shows that problems at school tend to get progressively worse until a crisis is reached. Be proactive rather than reactive.

If you would like to learn more about how RLA can help turn your son's life around and set him on a course for success, visit us online to view student and parent videos, or contact us to arrange for a personal tour of our facility.
